

מלחצי מכונה

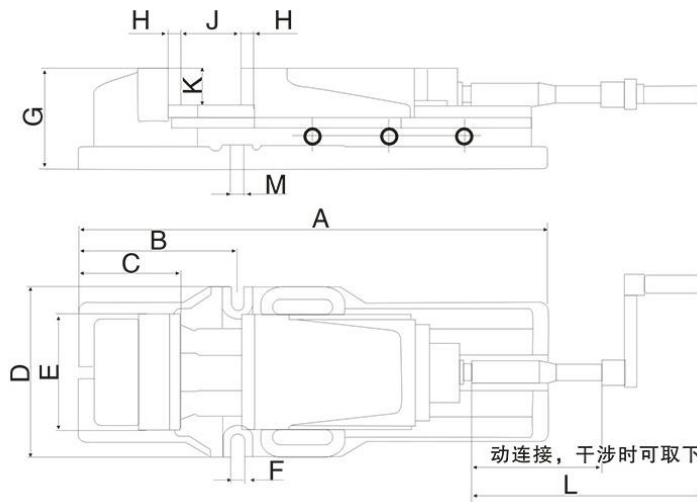

Built-in precision hydraulic vise: high power of all-round precision hydraulic vise, suitable for general milling machine, CNC vertical integrated processing machine, the maximum opening can be folder 300mm.

【product advantages】

1. Can be used alone, or multiple units can be used together.
2. As long as the hand of a shot, turn in the circle on the two tons of clamping force.
3. Strong and powerful material ~ Velvet body using high tensile tensile graphite cast iron (FCD60 ~ 60kgs / mm). (80,000psi) strong tensile strength, high wear resistance, easy to deformation.
4. Velcro sliding surface hardening heat treatment HRC45 degrees or more, and by precision grinding, can maintain long-term wear resistance and accuracy.
